“Understanding Bias and Strategies to Mitigate it”

Earl works to advance inclusive excellence, coordinating campus-wide workshops and learning opportunities. They work with academic and administrative units to design inclusive learning plans for faculty, staff, and students. Earl aims to promote a climate of respect, shared responsibility, and practices that empower those historically marginalized in higher education. They have collaborated with colleagues to create transformative change and advocate for equity and justice.

This presentation will explore our understanding and abilities to confront bias and is eligible for 1 hour of DEI credit for UACOM-T faculty, residents/fellows, GRAs/GTAs, and COMT staff.
